

Characteristic

- Exceptional mechanical property and stable quality
- Properties of fiber optimized for each of client's process
- Product for nonwoven fabric is treated with hydrophilic emulsion for excellent water absorption capacity

Usage

- Spinning : Clothing and interior
- Nonwoven fabric : Spunlace, needle punch, padding, double fabric and mattress
- Filling : Pillow and cushion (for industrial applications)

Specifications

Type	Denier	Length(mm)	Luster
For Spinning	1.2, 1.4	32, 38, 44, 51	SD, DB
For Nonwovens	1.2, 1.4, 2.0, 3.0, 6.0, 7.0, 10, 15	38, 51, 64, 76	SD, DB
